

**Kings Norton Team Parish
DRUGS POLICY**

It is against the law to bring illegal drugs into parish owned buildings, or to sell them while you are here.

We want you to have a good time when you are with us, so please remember, **NO ILLEGAL DRUGS.**

To protect the people who use and work within this parish, we have a policy which we keep to.

We keep an eye out for any drugs or harmful substances and we don't ignore it if people bring them into parish buildings.

We regularly visit all the inside and outside areas and if we suspect there has been any drug taking or selling we may call the Police. We may also ban the people involved.

If the people involved are under 18, where possible we may also inform the parents.

It is important to us that you understand what will happen if illegal drugs are brought or made whilst you are here.

We want you to agree you won't break our policy and will tell us if someone else does, so we ask you to sign this contract.

We agree to do our best to keep our parish activities drug-free. We want you to agree to do the same.

I _____ agree I won't bring, make or sell illegal drugs whilst I am attending parish activities and will tell the leaders if I think that someone else is.
